This one day course offers participants an opportunity to learn how to facilitate a process to establish the right support for people based on person centred thinking. The course is ideal for people who have experience of Person Centred Planning and who want to learn how to support the development of individuals plans into an Individual Service Design.

FEATURES

- This course gives a theoretical and practical basis for designing support from a person centred perspective.
- The training supports the development of Self Directed Support, in terms of supporting people to maximise their individual budget and or resources.
- The training offers practical tools to begin using straight away.

LEARNING OUTCOMES

- An understanding of the fundamental importance of a person centred approach in designing future support alongside people and their families.
- An understanding of the Individual Service Design process.
- Through practical experience, an understanding of how to facilitate an Individual Service Design process and an understanding of how to cost the design.

WHO IS THE COURSE FOR?

Personal assistants, support workers, team leaders, care managers/commissioners,

People who receive support, family members, Person Centred Planning facilitators, brokers.

OUTLINE PROGRAMME

- The components of person centred service designs.
- Experience facilitating the Individual Service Design process.
- Costing service designs and creativity.
