Our Action Learning Sets are facilitated group meetings which encourage group members to learn from, and problem solve with each other. They are a highly effective developmental process.

FEATURES

- Facilitators with vast experience of Action Learning Sets.
- At least five meetings throughout the year.
- Facilitators with lots of experience of successfully managing change.

LEARNING OUTCOMES

- An understanding of how to successfully manage change.
- How to overcome personal obstacles in implementing change.
- How to use the knowledge and resources of colleagues in problem solving.

WHO IS THE COURSE FOR?

Groups of people with a similar role, job or task. Action Learning Sets work best for groups of 6-8 people.

OUTLINE PROGRAMME

- An Action Learning Set typically meets for 3-4 hours 4-6 times a year.
- Set members bring their own real and current issues to the group.
