This one day workshop is for all members of the same team. It will help identify what is going well, what needs to change and how to build a better team.

FEATURES

- An in-depth look at the functioning and performance of a team.
- Analysis of roles using the Belbin Team Profile – 360 degree assessment.
- Analysis of team performance using the Lencioni Team Dysfunctions Model.
- Fun and challenging exercises and group activities – something for everyone's preferred learning style.
- Our Consultant will constructively and supportively challenge team members for honesty and clarity.

LEARNING OUTCOMES

- Be an effective team member.
- Know your own preferred team role and those of other team members.
- Know the pressure points of the team and how to deal with these.
- Know what to do to improve team performance.
- Have an understanding and appreciation of the contribution of all team members.

WHO IS THE COURSE FOR?

Whole teams – it works best when all team members are present.

OUTLINE PROGRAMME

- Each day is developed on a bespoke basis depending on either the issues the team faces or where on the team life cycle they are.
- We will develop a specific programme just for you.
